Ladies and gentlemen,

It is my great pleasure to extend a warm welcome on behalf of the Czech Chamber of Commerce as we organize our traditional business mission to Mongolia. This year's delegation brings together a diverse group of Czech companies representing pharmaceuticals, architecture, employment agencies, legal services, tourism, insurance, and many other sectors. The Czech Chamber of Commerce values its long-standing partnership with the Mongolian National Chamber of Commerce and Industry, which celebrates its 65th anniversary this year. Our Chambers are bound by a Memorandum of Cooperation, and we are proud to organize business missions to Mongolia on a regular basis.

The Czech Republic recognizes Mongolia as a strategic partner in Central Asia and greatly appreciates its openness to new business opportunities. Mongolia's abundant natural resources, rich traditions in textiles and food production, and rapidly developing mining sector present unique prospects for cooperation. At the same time, Czech companies offer advanced technologies, innovative solutions, and valuable know-how that can enhance the competitiveness of Mongolian enterprises. Together, these synergies can bring tangible results in the form of new investments, joint projects, and stronger bilateral trade.

I believe that this mission will further deepen our business relations and open new avenues of cooperation across multiple fields. I would like to thank our Mongolian partners for their hospitality and continued support, and I wish all participants fruitful discussions and successful outcomes.

Sincerely,

Radek Jakubský

The Czech Chamber of Commerce was established in 1993 as a national chamber with non-compulsory membership. It is the largest and most representative business association in the Czech Republic including small, medium and large companies, as well as self-employed entrepreneurs, associations, unions and craftsmen organizations. The Czech Chamber of Commerce has regional (regions and districts) and professional (unions, associations, etc.) networks with approximately 16 000 members. They represent 60 % of the GDP of the country and 66 % of the employable population in the Czech Republic.

The Czech Chamber of Commerce provides services to its members, mainly in the field of legislation, export promotion, education, etc. Its main aim is to facilitate access to foreign markets for the Czech business community and help to create a favorable business environment in the Czech Republic.
