

# CZECHIA BUSINESS DELEGATION

accompanying the Vice-Chairman of the Chamber of Deputies of the Parliament of the Czech Republic H. E. Jan Bartošek and Economic Committee, to Thailand

23 February – 2 March 2025

# Environmental Machines

SINCE 1992

Laski company was founded in 1992 and its main activities are currently focused on the production of machines designed and intended for municipal services on a professional basis and sales of combustion engines.

Its principal products are especially stump cutters, chippers, shredders, trenchers and leaf exhausters. The company is also engaged in the sales of Kohler engines or other equipment, such as turf cutters etc.

The manufacturing plant is located in the Czech Republic and the Laski products are exported to 50 countries worldwide, such as Australia, Chile, India, the USA and in particular to the EU states. The company's export sales represent about 90% of its total output. At the same time the Laski products conform to all applicable environmental requirements, EU standards, regulations and directives.

## Greetings!

We are honored you are holding this brochure in your hands right now and we hope you will find it useful for getting to know more about companies in Czechia in order to start successful business relationships with companies in Thailand.

The program will include a business meeting in Bangkok organized in cooperation with the Thai Chamber of Commerce. As part of the mission, the delegation will visit the eastern provinces of Thailand (Rayong/Chachoengsao/Chonburi), which are affected by the development program for their transformation – the Eastern Economic Corridor.

A meeting of the business delegation with Chairman Bartošek, Chairman of the Economic Committee Adamec, participation in social events, and a meeting with the leadership of the Embassy of the Czech Republic in Bangkok are also expected.

The mission is primarily intended for companies in the fields of ICT, medical technology, the defense industry, smart cities, air purification, municipalities and water management, as well as legal consulting and the food industry.

We look forward to meeting you.

CZECH CHAMBER OF COMMERCE

Na Florenci 2116/15, 110 00 Prague 1

+420 266 721 300

office@komora.cz

www.komora.cz

Dear Ladies and Gentlemen,

It is my great pleasure to welcome you to this business mission to Thailand, which represents an important step in strengthening our cooperation in the field of ICT, medical technology, the defence industry, smart cities, air purification, municipalities, water management, as well as legal consulting and the food industry.

Thailand has been making significant strides in modernizing its business sectors, and the Czech Republic is ready to contribute with its advanced technologies, systems and expertise. I am particularly pleased that our delegation includes leading Czech entrepreneurs, researchers and industry who will actively participate in business meetings in Bangkok, organized by with the cooperation of Thai Chamber of Commerce.

In addition to fostering business connections, this mission also aims to address key challenges in eastern provinces of Thailand (Rayong/Chachoengsao/Chonburi) which are affected by the development program for their transformation – the Eastern Economic Corridor.

In today's increasingly unstable global environment, cooperation in the field of security and defence is more vital than ever. Strengthening our partnerships in these areas would contribute to greater stability and safety for both our nations.

I wish you all a successful and productive mission, filled with inspiring discussions and valuable new partnerships.

Thank you.

**Ing. Jan Bartošek**

Deputy Speaker of the Chamber of Deputies  
of the Parliament of the Czech Republic

Ladies and Gentlemen,

Please allow me to address you on behalf of the Czech Chamber of Commerce as the leader of our business mission to Thailand. This mission accompanies the Vice-President of Parliament and representatives of the Economic Committee to Thailand.

Our delegation consists of companies that are already involved in ongoing projects in these sectors as well as companies looking for new business and investment opportunities. This visit to Thailand presents a unique opportunity for Czech companies to expand their global presence and explore new avenues for cooperation.

The Czech Republic is known for its highly skilled workforce, innovative spirit, and rich history of industrial excellence. Our delegation is here to build strong, mutually beneficial relationships with businesses and open doors for Czech companies to engage in meaningful collaboration.

Thailand is a country renowned for its remarkable work ethic, determination and innovation. In the world of business, Thailand has produced some of the most influential companies and visionary leaders who make significant contributions to global commerce and set standards of excellence.

We appreciate that Thailand boasts excellent healthcare, ideal conditions for growing agricultural crops and supports the development of the defence industry.

I am very pleased that the Czech Chamber of Commerce can assist you in finding new partnerships and joint projects.

I wish you many successful business meetings!

**Radek Jakubský**

Vice President of the Czech Chamber of Commerce
